**MAGNETI
MARELLI**

Offered by:
MOPAR

Quality Auto Parts for All Major Makes

Offered by:
MOPAR®

ROTORS & DRUMS for All **MAKES**

Magneti Marelli Offered by Mopar® Brake Products, Quality You Can Trust

Top features and benefits of Magneti Marelli Rotors and Drums:

ROTORS

- Reverse engineered to match the critical design features of the O.E. part
- Strict quality control checks, dynamometer testing per SAE J2928 and on-vehicle tests ensure high-quality parts
- Tight tolerances and mill-balancing provide quiet braking, reduced vibration and correct run-out values
- Optimum machined braking surface for proper brake performance
- O.E. matched plate thickness, air gap and vane configurations for proper cooling

DRUMS

- CNC machined for consistent quality
- Dynamically balanced for smoother braking and reduced noise
- Manufactured to meet SAE J431 G10H18 Gray Iron specifications for maximum brake life

MAGNETI MARELLI OFFERED BY MOPAR® ROTOR VS. COMPETITIVE "LIGHTWEIGHT" ROTOR

Magneti Marelli Offered by Mopar® rotors match the original plate thickness, air gap and vane configurations. Many competitive rotors have design modifications that do not match O.E. specifications, which affect the rotor's ability to properly absorb heat, and could compromise the safety of the brake system.

Interchange/Cross Reference Guide

Magneti Marelli Offered by Mopar

Product: Brake Drums and Disc Brake Rotors

For Reference Only. See Application Guide for actual vehicle application and selection of correct part for vehicle.
